

10 Easy Steps to Create a Fabulous Guest Book!

1. Log on to your Pictage web gallery.
2. Select 12 favorite photos.
3. Once you have picked your favorite photos click on 'save as favorite' .
4. A tab will open and click create a new folder.
5. Name this folder 'Guest Book'.
6. Select your 12 favorite photos and put them in the folder you created.
7. If you would like for these images to be in a certain order- drag and drop them as necessary to get them in the order you would like.
8. It is best to have a horizontal images for the album. They just look better since they fill the entire page.
9. Pick out a color for your guest book from the attached document titled colors. (Printed Canvas, Printed Glossy, and Printed Metallic are unavailable with the guest book).
10. Once you have done these steps please go to our blog and click the order form found under Album How to Guides & Order Forms.
