

How to get started on your album

Choose your photographs:

1. Pick 50-75 images from your Pictage web gallery.
2. Create a folder on Pictage and name it Album.
3. Once you have your folder created you can add your selected photos to this folder.
4. Put the photos in the order in which you would like them to appear in your album.

NEXT...

Once you have the photos in order and your album design selected please go to our blog under Album How To Guides & Order forms to fill out your order form. Click [here](#) to go there directly.

Please allow 10-14 business days for your album design to be ready for your approval.

Once your album design is ready for your approval we will provide you a link to view the album.

Options:

On this form you will sign off on the final album design as well as select your cover color.

Standard Leather Options

This is where you will also tell us if you would like cover text. Maximum of 3 lines.

Text Colors available for cover: Gold or Silver

Fonts available for cover: Arial or Park Avenue

If you would like to make changes to the album design the first 10 changes are complimentary any design changes or switching photos after that are \$10 per change.

Changes include redesigning a page or exchanging a photograph for another photograph.

If you would like more pictures in your album then you can purchase additional pages for \$20/each. On average there is 1-3 photographs per side. (2 sides = 1 page)

Please allow 14 business days to receive your album via mail.
